1. Between 25 August and 2 September 1954, the following supply shipments arrived at Werneuchen by rail:

25 August. Nineteen tank cars with 321.6 tons, indicated on the bill of lading as solvents. The shipment had been dispatched from Ruhland on 21 August. Dispatcher was the Schwarzheide synthetics plant, consignee Chernikov.

25X1

26 August. Six tank cars with allegedly 208.8 tons, according to the bill of lading gasoline. The shipment had been dispatched at Riese-Hafen on 22 August and was consigned to Red Army.

25X1

28 August. Two cars with 15 tons of iron pipe dispatched from Strelitz on 26 August. Dispatcher was [redacted] consignee [redacted]

25X1

25X1

29 August. One gondola car with 14 tons of hard coal which were dispatched from Neu-Oelsnitz on 25 August; consignee was Vlasov.

30 August. One gondola car with hard coal dispatched from Neu-Oelsnitz and consigned to Vlasov.

2 September. One refrigerator car with 10 tons, according to the bill of lading military goods, dispatched from Justerbog-Altes Lager. Dispatcher Astafiev (?), consignee was [redacted]

25X1

2. On 25 August, 19 tank cars with fuel arrived at Werneuchen.

Comment. [redacted] was previously reported in connection with the bomber corps of the Twenty-Fourth Air Army. This supports the previous assumption [redacted], which could not be identified then, should have actually read [redacted] has been reported from Strausberg since 1949 and, since 1950 in Cottbus, Finsterwalde and Werneuchen. It was then assumed that it belonged to the ration supply depot of the bomber corps. The fact that the [redacted] again appeared would indicate that this depot is still active or has been reactivated since the arrival of the bomber units.
